RETURN OF IRISH MEANS NO BREAKS

Belfast Does Not Think
Appearance of Ulster
Premier Serious.

(By the Associated Press)
BELFAST, July 19.—The return to Belfast of Sir James Craig, the Ulster premier, and the members of his cabinet who have been with him in London in connection with the Irish peace moves, must not be taken as a rupture of the negotiations, it was declared today by Colonel Spencer, secretary of the delegation, on its arrival here. It is thought that the delegation will be called to London next week.

None of the cabinet members have anything to say for publication.

Eamonn De Valera is regarded by the Ulster unionists as a visionary, and the feeling in unionist circles here is that no discussion among all parties concerned in the Irish settlement will be possible until he considerably modifies his position.

The attitude of the Ulster premier is cordially approved by the Belfast unionists in general.

IRISH NEGOTIATIONS MAY BE DEADLOCKED

(By the Associated Press)
LONDON, July 19.—Irish negotiations appear to have reached a deadlock in so far as they concern a tri-party conference between David Lloyd-George, the British prime minister; Eamonn De Valera, the Irish republican leader, and Sir James Craig, the premier of Ulster.

This developed late last night when Sir James, as he departed for Belfast, issued a statement on the subject of "self-determination" which is interpreted to mean that he will not compromise on any matter pertaining to Ulster's political rights.

He asserts that the people of northern Ireland have "determined their own parliament," which was "opened by his gracious majesty in person," and that Mr. DeValera and his associates, by standing as candidates for the northern parliament and submitting their policy, "no partition," have admitted the right of self-determination on the part of Ulster.

STRICT ATHLETIC RULING TO APPLY TO ALL NORMALS

Athletic conference rules adopted by state schools last spring make it impossible for a member of a team to be other than a regularly enrolled student, passing in all of his studies, according to an announcement today by President Linscheid of the East Central Normal today, in discussing the sports outlook for the Normal this fall.

This rule includes all normal schools, the University of Tulsa, Oklahoma Baptist University, Oklahoma A. and M. College, and Phillips University. It is not certain whether this will weaken the teams of the conference this fall but it is believed that within a short time they will be back to present standards if they are affected at all.

Mayor Orders Police to Look Into Action of Night Riding Men

(By the Associated Press)
OKLAHOMA CITY, July 19.—Investigation of an alleged band of secret night riding order, which was declared to be in existence here, was ordered today by Mayor J. C. Walton in a communication to Carl Glitsch, chief of police. In his message to Glitsch the mayor declared that the order is holding frequent meetings at the Oklahoma State Fair grounds near the city. The names of approximately 25 prominent citizens, whom Mayor Walton declared he knew to be active in the order, were submitted to the chief.

TEXAS GOVERNOR ASKED TO EXPOSE GRAFTERS

(By the Associated Press)
ANSTON, Tex., July 19.—Senator Joe Burkett of Eastland, Texas, introduced a resolution in the senate of the Texas legislature meeting in special session here today requesting Governor Neff to give the names of the departments in which "graft" is being practiced with the names of the employees who are guilty of such graft," as has been charged by the governor in recent speeches. The resolution was referred to the committee on state affairs.

PITCHER ON STAND IN BASEBALL PLAYERS' CASE

(By the Associated Press)
CHICAGO, July 19.—Bill Burns, former major league pitcher, took the stand in the trial of the indicted White Sox today to tell a first hand story of the alleged conspiracy to throw the 1919 world series. Burns was indicted as one of the conspirators but agreed to turn state evidence.

ADA GUARD STARTS THREE YEARS FROM TIME YANKS MET HUN LINE

"Patsy" O'Neil Lauds Patriotism of Local Men
as 75 Are Inducted Into Battery "F" Which
Will Go Into Encampment August 11; Major
Whitney Declares Event Is Momentous.

Three years, to the day, from the time when America sent her first men against the Hun, at the battle of Chateau Thierry, Battery "F" of the Oklahoma National Guard, "Ada's Own" was mustered into service at the city hall last night.

Attended by a crowd that began gathering early and increased as the hour for mustering in ceremony approached, the services which were brief and smacked little of military formality, were carried through in less than an hour. Shortly after 8 o'clock 75 local men raised their hands and repeated the oath of the National Guard read by Major Earl W. Whitney, representing the state, and short speeches by Col. "Patsy" O'Neil, representing the United States, Tom D. McKeown, representing the city, and Major Whitney for Oklahoma, followed.

Before the oath of allegiance was read, Col. "Patsy" O'Neil passed up and down the line of the battery, greeting the recruits and inquiring into the ages of youngest volunteers. Adjutant General Charles Barrett who was to have come to Ada from Oklahoma National Guard headquarters yesterday, failed to make train connections because of pressing business with other units of the state, he said in a telegram of regrets to officers of Battery "F" last night.

Oklahoma Gave Heroes
"Men of the Ada Battery, I am proud to be here with you," Colonel O'Neil said in opening his brief speech in behalf of the federal government. "I am proud of you and I am proud of the Oklahoma men whose splendid record during the World War you may well emulate. Oklahoma played her part when the crisis came and she played it well. The boys from Oklahoma who went to France established for themselves a record for heroism that has endeared them to the head of their country. There is a need for the national guard. It showed itself to be ready when the war called for men on short notice. Those boys showed their heroism not only by earning their bread and butter in

KANSAS MAN WILL DELIVER ADDRESS

Commencement Speaker for
Normal Is President of
Largest Normal.

W. A. Brandenburg, president of the Pittsburg, Kan., Normal school will deliver the annual commencement address at the East Central Normal auditorium Thursday morning at ten o'clock. He is a former Oklahoman, having been superintendent of schools in Oklahoma City four years. While there he was a member of the state board of education. He went to the Pittsburg Normal from Oklahoma City.

Since Dr. Brandenburg took charge of the Normal, there, it has grown to be the largest state normal in the United States. Mr. Brandenburg himself is considered one of the ablest normal school presidents in the country, according to Mr. Linscheid. The commencement speaker is recommended as one of the ablest in this part of the country for delivering such an address.

Local Red Rose Men to Start New Class in Arkansas School

An initiation team of members of the Red, Red, Rose will leave here soon for Fayetteville, Arkansas, where they will institute a convalesce in the University of Arkansas. About thirty teachers there desire to become members and the party will instruct them in the mysteries of the order.

Those who will compose the party are: Superintendent Dowell, of Tecumseh; Messrs. Norris and Nelson, instructors in the East Central State Normal; Mr. Linscheid, president of the Ada Normal, and President Bennett of the Durant Normal.

YOUNG ADA BUILDER SHOWING ORIGINALITY

N. S. Keirsey, a young builder of Ada, is putting city touches on some of the homes he is building in the city. One of his latest creations is a home at 817 East Fifteenth street, near the Hays school. This house is a modern seven room structure with brick piers, special built-in features, plastered, treated and painted walls, specially constructed ceilings, and every feature which adds to comfort of the residents.

Mr. Keirsey is an Ada reared boy, having attended the city schools and having come up by hard work and application to duty. He says he believes there are many people who are now in Ada and who want to come here and who want the best in small homes that can be procured.

The builder is proud of his latest creation and is inviting the public to visit the house next Monday afternoon, after 1 o'clock. He had announced the opening for Thursday of this week, but the breaking down of some machinery made the postponement necessary.

FLIERS PLANT GERMAN CRUISER UNDER WAVES

(By the Associated Press)
NEWPORT NEWS, July 19.—The former German cruiser Frankfort is lying on the floor of the Atlantic today with the six other former enemy craft disposed of in the recent bombing and target practice off the Virginia capes, as the result of a successful attempt by the army and navy flyers yesterday, which continued all day yesterday. The craft was sent to the bottom. Six 250 bombs scored direct hits and five heavier bombs struck the end.

MADDEN IS ELECTED TO HEAD COMMITTEE

(By the Associated Press)
WASHINGTON, July 19.—Representative Martin B. Madden, republican of Illinois, today was elected chairman of the committee of appropriations of the house, succeeding Representative Good of Iowa, who recently resigned from the house.

HOSPITAL AT TALIHNA TO BE INSPECTED SOON

TALIHNA, July 19.—The new buildings at the tubercular sanatorium at Talihna, the last of which was recently completed, will be inspected, approved and accepted for the state by J. W. Kayser, member of the state board of affairs, Wednesday. The buildings will be ready for occupancy just as soon as equipment has been installed in some of the buildings contract for a part of which was let late last week. The institution is made up of six buildings and under the directions of Dr. L. J. Long, ex-head of the tubercular division of the state department of health.

GOVERNMENT FLEET DEFICIT IS KNOWN TO REACH \$380,000,000

President Is Dismayed at New Figures Submitted, Showing Bad Condition of Board's Finances; Lasker May Ask for Big Relief Appropriation Soon.

(By the Associated Press)
WASHINGTON, July 19.—The publication today of revised estimate of the shipping board deficit for the last fiscal year showed a total of \$380,000,000 or approximately \$280,000,000 more than previous estimates. Chairman Lasker of the board said he proposed to appear before a congressional committee to explain the condition of the board's finances and ask for a relief appropriation of approximately \$300,000,000 for the current fiscal year.

In announcing the new estimate of the deficit incurred in the operation of the government fleet, Chairman Lasker declared the books of the shipping board were in a "deplorable condition," and that they "could not have been kept in much different shape had they been kept with a view to cheating and deceiving congress and the country."

"I know and want to explain," the chairman added, "that Admiral Benson, former chairman of the shipping board, and Auditor Tweedale had not the remotest thing to do with such a gross representation."

"The accounting system," he said, "was started in the stress of war and continued in the stress of incompetency and, though outside auditors have produced the figures given out, I don't guarantee them even now."

President is Astounded
"When I showed the President the figures he was shocked and dismayed that such a condition could exist," the chairman said. "Approximately two hundred millions dollars represents the absolute loss on the operation of the fleet," he continued, "and then there was \$160,000,000 spent on ship construction. What these newly acquired assets are worth is highly questionable."

President Harding has instructed the board "that the public is to have the facts—all the facts," Mr. Lasker said. "They are operating on a mistaken basis, which must be discontinued," he said, "and we must grin and bear that system for some months to come."

WHOLE FAMILY IS
BROWNED AT ONCE
KANSAS FLOOD SWOOPS UPON
Bartlesville Campers
and all Perish.

(By the Associated Press)
INDEPENDENCE, Kan., July 19.—Five Oklahoma campers were drowned near Cogarville, Kansas, last night when a cloudburst swept down Cedar Creek, according to advices received here today. Three bodies were recovered but the names of the victims, who are believed to have lived near Bartlesville, so far have not been learned. The bodies recovered this morning were those of a man about 65, a woman about 40 and a boy five or six years old.

All fled for a nearby railroad bridge from a camp they made for the night, when the roar of water was heard. But the flood caught them before they reached safety.

Victims Identified
BARTLESVILLE, July 19.—Mr. and Mrs. Pennil, aged 84 and 74 respectively, with their daughter and her two children, were drowned when a cloudburst caused Cedar creek near Independence, Kansas, to swell into a flood tide about 1 o'clock this morning.

Officers Were Shot With 25 Victims of Mingo Mine Strikers

(By the Associated Press)
WASHINGTON, July 19.—Twenty five persons are known to have lost their lives in the Mingo, West Virginia, coal fields during or since the middle of May, 1920. Harry Olmstead, representing the operators, testified today before the senate investigating committee. Of these, he said, three state policemen and national guards were "shot in the back while in performance of their duty."

A witness from the miners had previously testified that one hundred persons had been killed during the period.

ASPHALT TAKEN OFF DUTY LIST IN HOUSE BILL

(By the Associated Press)
WASHINGTON, July 19.—The house today transferred asphalt from the dutiable to the free list in the Fordney tariff bill, thus disposing the last of the five contested schedules on which separate votes were permitted. The vote stood 123 to 36.

On motion of Representative Longworth, republican of Ohio, the house voted 66 to 35 to increase the duty on citric acid from 10 cents to 12 cents a pound. Mr. Longworth said that the California lemon growers contended that they needed it as an additional protection from Italian competition.

Army Birdman Killed.
(By the Associated Press)
HOUSTON, Texas, July 19.—First Lieutenant Willard S. Clark of Abingdon, Ill., was killed instantly this morning at a flying field here when his plane fell 2,500 feet in a tailspin.

FORMER HEADS OF NAVY ARE BLAMED

Daniels and Roosevelt Get
Playing for Method of
Investigation.

(By the Associated Press)
WASHINGTON, July 19.—Former Secretary Daniels and Franklin D. Roosevelt, former assistant secretary of the navy, are denounced for the methods used in investigating the war time scandal among enlisted men at the Newport naval camp in the majority report of the senate investigating committee made public today.

The charges made by the clergymen of Newport, Rhode Island, and the Providence Journal, the report says, "are proven to the satisfaction of the committee," and both the clergy and the Journal "deserve the thanks of the people at large."

At the same time today Mr. Roosevelt, who was the democratic candidate for vice-president, issued a statement declaring that Senators Ball of Delaware and Keyes of New Hampshire, the two republicans who constitute the majority of the investigating committee, had issued their findings without giving him a hearing after promising to do so, which Mr. Roosevelt says, shows premeditated and unfair purpose of seeking "what they mistakenly believe to be to their partisan political advantage."

Most of the details of the Newport scandal as it is disclosed in the investigation are of an incredible nature. The crux of the majority report charges that with the knowledge of Daniels and Roosevelt enlisted men of the navy were used as partisans in immoral practices for the purpose of securing evidence on which to dismiss offenders from the navy.

Senator Kind, of Utah, the democratic member of the committee, will file a minority report later.

LIONS LISTEN TO OKLAHOMA SPEAKER

Nels Darling of Oklahoma City was the main entertainer at the Lions Banquet today when he spoke for only a few minutes on selfishness. He praised the work which is done by such clubs as the Lions and complimented the city of Ada on its progressiveness.

It is expected that arrangements will be made this afternoon for the erection of a gateway, as a memorial to the East Central men in the war, at the end of Main street where the Normal campus begins. The Lions committee was instructed to meet with a committee from the Normal to consider plans.

A Mr. Sweet addressed the Lions for a few minutes on the movement to offset radicalism in Oklahoma. His work will be endorsed or turned down at the next meeting of the club two weeks hence.

MEIGHAN IS FEATURE IN "THE EASY ROAD"

One of the finest, most human and appealing pictures that we have seen on the screen in a long time is "The Easy Road," a Paramount Picture with Thomas Meighan in the star role.

The story is that of a young author who has battled through adversity to success, and who marries a woman of great wealth. How this marriage "softens" him, unfits him for work and threatens to ruin his career, is one element. How his wife bravely sets out to redeem him; how he himself works for his redemption; how a helpless little girl of the tenements, afflicted by a great misfortune helps to turn the tide in their favor—all these are finely shown in the picture, which we will display at the McSwain Theatre Wednesday.

POLICE GUARDING REGIONS OF RIOT AT PENITENTIARY

PITTSBURG, July 19.—The Western penitentiary officials today had accounted for all but two of the convicts who yesterday rebelled and after setting fire to a number of buildings, fought the guards, deputy sheriffs and city police for more than two hours.

Excitement still prevails in the big prison and the 25 police reinforcing the prison guards had their hands full keeping the convicts quiet.

GOVERNMENT EXPENSES FALL MUCH IN YEAR

WASHINGTON, July 19.—The total government expenditures during the fiscal year just ended dropped by nine billion dollars as compared with last year, a reported decrease of \$1,378,000,000 in ordinary disbursements and a reduction of \$7,146,000,000 in payment of the public debt, according to an announcement issued today by the treasury.

THE WRONG WAY

The violation of law and moral custom is to be condemned in the strongest terms. We have little sympathy for the man or woman who does not live straight and respect the laws of man and God. At the same time, we cannot condone the acts of secret organization or organizations, which take men and women under cover of darkness, themselves protected by masks and white robes, and administer punishment, usually by stripping the victims of all clothing and then applying tar and feathers.

It is said these bodies who take the laws into their hands call themselves Ku Klux Klans. We are sorry that they choose this name, if they do choose it. The Ku Klux Klan is something that every person who lived in certain parts of the South holds in reverence. It was to this clan that many now living owe their existence, and certainly this organization kept the womanhood of the South from the fiendish desires of the suddenly liberated blacks.

The time was not long ago when here in the West it was necessary for the law abiding citizens to administer the death penalty for crimes committed. Far from the courts, with little means of transportation, direct action was the only way to get results and make the natural criminal fear to do anything but right.

But it seems to us these times are passed. It is true the courts sometimes are slow, but they are usually sure. The open, fair and manly act is always advisable. Laws have been made to protect the weak and innocent, officers have been selected to see that the laws are obeyed. If enough sentiment can be created to get men to don white robes and ride long miles through the darkness to avenge a wrong, certainly enough sentiment could be created to correct legally the abuses.

According to reports, such secret organizations are now in existence in this state. We do not believe they will gain any considerable headway for the reason that there is no need for them. So long as we have the courts, the laws and officers, we should see that they do this work. If the present officers do not do it, then new men should be put in who will. There are such men, and if proof is needed we point to the members of the organization themselves.

WHY QUARREL?

It seems strange that United States senators should devote time and money to such reports as those made in reference to the controversy between former Secretary of the Navy Daniels and Admiral Sims. The reports are exactly what everyone expected, a condemnation of Daniels and his administration by the republicans and a condemnation of Sims by the democrats. In other words, the reports are entirely partisan.

And why should they be? There is no doubt that Admiral Sims is an able naval officer and that he rendered valuable service in the World War. That he is given to saying things that he ought not to say is well known, this fact being enforced by his recent utterances in Britain. He was recalled from England by a republican secretary because he had been as indiscreet as a person could be and remain in the service. Those who most bitterly denounced him then, have supported and will support him for his fight on his superior officer. He deserves respect and honor not for what he has said but for what he has done.

But does this detract from Daniels? The record of the navy from 1913 to 1921 is nothing to be ashamed of. Daniels ranks as one of the great naval secretaries. Let's be fair and acknowledge the merits of both men. We should remember the errors only to serve as guides for future action.

GO TO IT DAWES

The American taxpayers are heart and soul with Charles G. Dawes in his endeavor to curtail government expenditures. It is generally conceded that he is capable and can do his work thoroughly, but will he, and if he does it thoroughly will his suggestions be carried out?

Our national government is extravagantly operated, new positions being created from year to year and very few discontinued. Each senator and each congressman believes that in giving a position to one from his district, he can more firmly entrench himself in the good graces of his constituency. We understand that when Dawes' report is completed it is to be turned over to the senate for ratification or rejection. Will it be ratified or will it be changed, a job here and another there left in to take care of certain appointees?

We are hoping that Dawes will do some good, but we are not very hopeful. We have heard economy talked as long as we have known the meaning of the word, but we have yet to see it carried into practice in our national governmental affairs. And all the useless expenditures are not made to employees, but some are made for useless materials of a hundred different kinds.

If hot weather will kill a boll weevil, there ought to be many cemeteries started in weevildom by this time.

The Evening News

Comments given below do not necessarily reflect the opinion of the News. In fact, oftentimes the opinion expressed is directly opposite to that held by the News. The opinions are given, however, because this is a newspaper.

Southwest American: An Ohio supreme court judge appeals for the "court of conscience" as a final standard for all lawsuits.

Such a standard would be of inestimable value to the public and to honest lawyers.

The "court of conscience" could be established and maintained by cooperation of public opinion and stringent action by bar associations to prevent practice of law by un-conscientious attorneys.

Will Put Loaning Dollars to Work
Capper's Weekly: The new postmaster general's plan to get the billion dollars now hid away in old coffee pots, clocks, old stockings, and other receptacles into circulation, by making the postal savings banks more attractive and numerous and increasing the interest from 2 to 3 percent, is one of the most practical constructive ideas planned by the new administration.

Thousands and thousands of old-fashioned folk, particularly our foreign-born citizens, do not yet trust banks, but have unlimited confidence in Uncle Sam and are accustomed to doing business with him through the post office. Postal depositors now number 508,000. They ought to number several million, and would, if the Postal Savings service were enlarged as proposed from 6,590 offices to 50,000.

The effect on the country in putting another billion dollars into circulation and the still greater welfare influence in such a great promotion of national thrift, shouldn't be underestimated. The approval of the bankers is notable. For years they fought the establishment of a Postal Savings system from the mistaken idea it would injure banking. The inevitable effect is to increase the number of bank depositors. Speed this idea.

Better Buried in France
Tulsa Tribune: An American correspondent in France writes of the American soldier burial ground at Belleau Wood:

"The approach to the cemetery has been carefully graded and sodded; like the entire grounds, its surface is soft and green. There is not a grave or a cross one hair's breadth out of alignment. By day, the American flag floats overhead. The whole effect is to give the impression of minute, careful attention that is personal to each grave rather than impersonally rendered by someone in the line of duty. This is true in the same degree of each one of the four cemeteries."

France is looking after these cemeteries. The American army is looking after them. The American Y. M. C. A. is keeping an eye on them. American women are helping to tend them, and French women, by hundreds, are regularly paying their loving tribute to the American boys who died for France and America both.

The Y. M. C. A. hostesses say that relatives who come to visit the graves almost invariably express their complete satisfaction, and prefer that the graves should remain undisturbed. Knowing what care those graves receive, they want they dead to remain where they fell and think of any transfer almost as desecration.

There are facts which should be known to all the relatives in America who have insisted that their dead be sent home "where they could be cared for properly."

Dr. Warner, D. O., the eye-sight specialist, will visit Ada every third week; office with Peoples Drug store, 219 East Main street. Have your eyes examined and proper glasses fitted. No extra charge for residence calls. Phone 662 for appointments and date of next visit. 6-22-Imo.

JAPAN DESPISES RUMORS OF WARS

Empire and America do Not Want Trouble, Says Statesman.

(By the Associated Press)

TOKIO, July 15.—Ex-Speaker Saburo Shimada of the House of Representatives who, because of his oratorical powers, is often called by Japanese the Wendell Phillips of Japan, is contributing a series of articles to the Nichinichi Shimbun on relations with the United States in which he deplores the decries talk of war. This distinguished parliamentarian holds that if the situation between the two countries is studied from a broad statesmanlike attitude such talk will become meaningless.

He says: "Possibly there are no Japanese who seriously think that Japan is able to attack America across the Pacific as there will be no Americans who dream of an American invasion of Japan. Some think that the immigration question will probably furnish a casus belli between Japan and the United States while others are of the opinion that the scramble for rights and interests will lead the two countries to war. These questions are not of such a nature as to be solved by an appeal to arms."

"American misunderstandings about Japan may be dispelled by the efforts of diplomats who can explain the general tendencies of the world, and Japan's position, plainly and fearlessly. Immigration is no more a question with America than with Great Britain which is Japan's ally. Such a problem can be solved with the progress of civilization and mutual understanding. It is not the whole American nation that objects to Asiatic immigration on racial grounds."

"America is a free country, where any sort of opinion can be expressed with perfect freedom. It is not surprising, therefore, that from the Japanese standpoint some of the arguments in America about Japan may seem too bold and reckless. It is a mistake to think, however, that these views represent public opinion in America."

"The questions pending between Japan and the United States at present are likely to be solved with the passage of time. It is true that there are some Americans who are not satisfied with Japan's doings in China and Korea, while there are other Americans who perfectly understand Japan's position."

"Japan is not without faults."

REMNANTS OF SALOON PLACED UNDER EDICT

(By the Associated Press)

MADISON, Wis., July 19.—Wisconsin has taken upon itself the task of getting rid of all bars, fixtures, screens, stalls and other accoutrements which have gone to make up a saloon atmosphere. The order for their extermination is carried in a prohibition enforcement bill recently passed by the legislature.

The law requires that "no person having a license for the sale of non-intoxicating beverages to be sold for consumption upon the premises shall maintain a standing

bar or counter of any description at which any such drinks or beverages are consumed."

"No booth, stall, or other enclosure of any kind in or connected with such place or room shall be maintained," the law further provides. It orders in addition that "the windows and doors of any such place or room shall be unobstructed by screens, blinds, paint or other article so that a clear and unobstructed view of the interior of said place or room from the outside may at all times be had."

Thousands of Wisconsin saloons, 1,000 or more in Milwaukee alone, will be affected.

All must go this month, according to edict of the prohibition commissioner, who has given the saloon keepers 30 days to comply with the law. He says he intends to enforce every feature of it.

Court battle is to follow as soon as the first arrest is made, proprietors of Milwaukee bar-rooms have said. They reported they would attack the measure's constitutionality in the supreme court. Some announced they plan in the meantime

to evade the law by one method of indirection or another.

MRS. BLAKE RECOVERING FROM OPERATION MONDAY

Friends of Mrs. T. B. Blake, Sr., will be delighted to learn that she underwent successfully the operation yesterday. She is reported doing nicely today and her recovery is practically assured. The operation was performed by Dr. Faust, Lewis and Brydia. The operation followed an examination by Dr. Neathery of Sherman, Texas, who confirmed the belief of Dr. Faust that an operation was necessary. Her ability to recover from such an operation was considered doubtful, but she is practically certain to recover, according to reports this morning.

Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

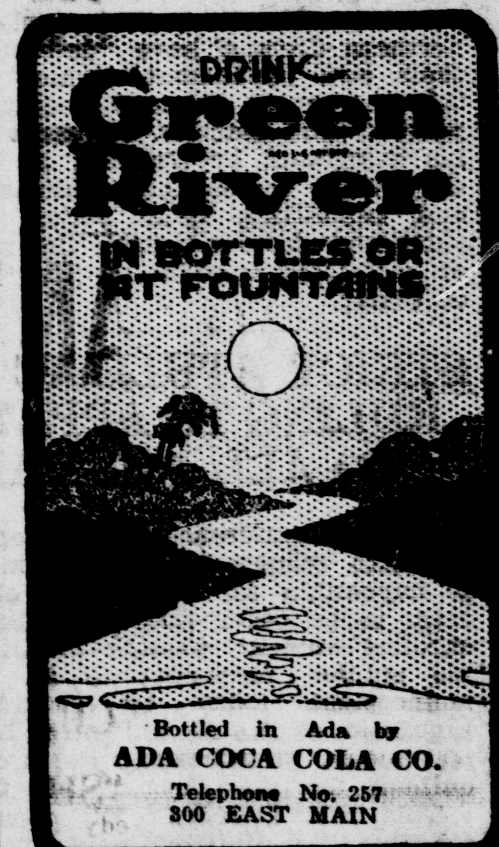

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarettey aftertaste,

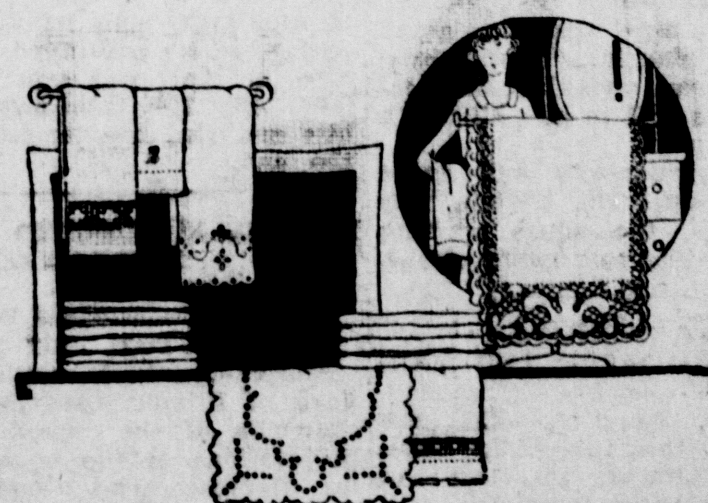

It's Camels for you.

MAJOR ACCEPTED BRIBE SHE SAYS

Bergdoll's Mother Gave an Officer \$5,000, for Help Is Charge.

(By the Associated Press)
WASHINGTON, July 19.—Mrs. Emma C. Bergdoll, of Philadelphia today told the house committee investigating the escape of Grover Cleveland Bergdoll, her slacker son, that she gave fifty thousand dollars to Major Campbell, army officer, at Governor Island for use among high officials at Washington "to help him obtain his freedom."
Campbell, she said, first demanded \$100,000 but she refused.
Mrs. Bergdoll said she took the money to the island and handed it to Grover by whom it was turned over to Campbell. Campbell, she said, told her he had passed the money to another officer for the purpose indicated.
Major Campbell declared recently to the committee that he had not received one dollar from Bergdoll. He has been summoned from Camp Pike to answer the charges of Mrs. Bergdoll.

IN SOCIETY

Mr. and Mrs. E. O. West, and little Miss Marjorie Dean, and Mr. and Mrs. Clarence West, motored to Sulphur this morning, where they will spend a week's vacation in that popular resort.

Miss Lorene Abney of Oklahoma City arrived this morning for an extended visit with her aunt, Mrs. D. C. Abney of 732 East Eighth street.

Line Party is Held
Members of the regular Normal faculty were entertained with a delightful line party last evening by special instructors who are here for the summer term. The party visited the McSwain theater and went to Mrs. Land's where refreshments were served.

M'SWAIN THANKS NORMAL FACULTY

The first anniversary celebration of the McSwain theatre was all that could have been expected, according to Foster McSwain, manager.

"We want to thank all our patrons for their presence," he continued, "at our first anniversary and we were especially delighted to have present the entire Normal school faculty, seventy of them being present. We want them to come again."

"We are always willing and anxious to co-operate with the teachers or others in every way we can, and we pledge ourselves and the theatre to all to keep the standard of our programs always the best to be obtained, showing only the very best pictures."

"Our theatre is sanitary and cool, clean show in a modern show house. We solicit the continued support and co-operation of the citizens."

STILLMAN CASE MUST WAIT NOW UNTIL FALL

(By the Associated Press)
YONKERS, N. Y., July 19.—Hearings in the divorce proceedings instituted by James A. Stillman, which were to be resumed at Poughkeepsie next Monday, probably will be postponed until fall. Associates of John F. Brannan, chief counsel for Mrs. Stillman, have written the husband's counsel suggesting that the trial be deferred until October 11, because of Mr. Brannan's illness.

REVOLUTIONISTS MEET DEFEAT IN MEXICO

(By the Associated Press)
VERA CRUZ, July 19.—General Pelasci, the revolutionary leader has been defeated at Chinampa and his troops dispersed by federal soldiers under command of General Sanchez, chief of military operation in the state of Vera Cruz.

The federal forces captured arms and ammunition from the insurgents.

Troops to Oil Region

(By the Associated Press)
VERA CRUZ, July 19.—The steamer Tehuantepec sailed from the port last night for the Tampico oil region with the Fifteenth cavalry regiment on board. The soldiers will be placed at the disposal of General Gomez, commander in the oil region which extends from Tuxpam to Tampico.

HOBART—Resolutions adopted by the county commissioners provide for the re-employment of the county farm agent and the county farm demonstrator. Previous announcements were to the effect they would be discontinued.

MIAMI—Organization of a chapter of the Woman's Auxiliary to the local post of the American Legion is planned at a buffet luncheon to be given by the post July 20. All women members of ex-service men's families have been invited.

Commercial Printing with class is the kind you get at the Ada News Print Shop. Prices are as low as excellent work will justify.

Clearing Up Affairs of Five Tribes Soon to Prepare Road For Removal of Restrictions

(By the Associated Press)
MUSKOGEE, July 19.—Efforts looking toward the winding up of all pending affairs of the Five Civilized Indian tribes in the course of the next four years, thereby placing the tribes in a more favorable position for removal of all restrictions, has been announced by Victor M. Locke, jr., new quarter-blood Choctaw Indian superintendent of the agency here. Some degree of success has already been reached with this end in view, Mr. Locke announces, several long-pending and complex cases having been cleared up.

Coupled with the announcement the statement is made that the tribal property affairs of the Cherokee, Creek and Seminole tribes have already been practically settled, leaving the disputes of the Choctaws and Chickasaws to be given more attention during the current administration. Observers of existing affairs of the latter named tribes are conflicting in their estimate of the time to expire in clearing up matters, but Mr. Locke hopes to have these tribes ready for restriction release in four years.

History of the five tribes dates back to the time when they first came to the old Indian territory, with no desire to abandon tribal traditions or for self-government. Advances made by civilization and the Indian's white neighbors, however, is attributed by prominent

chieftains of the various tribes to call which began more than 80 years ago for more business liberty.

Claims Still Pending
In 1898, under terms of the Atoka Agreement and the supplemental agreement of 1902, the government agreed to the winding up of the affairs of the Choctaws and Chickasaws, but today, members of the agency say, because of the peculiarity of the properties of these two tribes and the marks therefor, little progress has been made in settling their claims. Coal and asphalt are the chief mineral resources of these two nations and due to the strained condition of these minerals, there still remains many cases to be settled.

The Dawes commission sent here from Washington in 1903 reported back the belief that the affairs of these tribes could be taken care of in five or six years, but after several legal tangles and the enrollment of the five tribes, this work was abandoned. This placed the work up to the Indian department at Washington, which, during the last few years, has been operating with ultimate removal restrictions in view, according to members of the agency.

Tribal government among the Indians has been long abolished, although several of the tribes still retain their old form of government and powerless chieftains. The Cherokee lands have been divided and with the exception of a few restricted Indians, members of this tribe look after their own affairs. The delivery of a few deeds is about all there is to do in winding up the affairs of this tribe, agency officials state. The government has taken over the remaining Cherokee schools.

The total enrollment of the Five Civilized Tribes is 101,506, of which between 17,000 and 20,000 are classed as restricted, according to figures at the agency. Of the total number 41,834 are enrolled as Cherokees, 18,761 Creeks, 3,127 Seminoles, 25,169 Choctaws and 10,966 Chickasaws.

NEGRO CHARGED WITH ASSAULT ON ANOTHER

Johnnie Walker, negro, was arrested last night by County Sheriff Bob Duncan and landed in the county jail on a charge of assault on Marjorie Winn, another negro. Walker was being held in custody today and will be arraigned before a justice of the peace this afternoon or tomorrow.

Frederick.—An increase of 10 per cent in the acreage in corn is the report made by County Agent Johnn son, compiled from reports to him from Tillman county farmers.

BANKERS MEETING TO OPEN AT MINNEAPOLIS

(By the Associated Press)

MINNEAPOLIS, July 19.—The nineteenth annual convention of the American Institute of Banking was to open here today with an anticipated attendance of more than 1,500 bank clerks and other bank officers from all over the country. The institute, which has an active membership of 43,000 is the educational branch of the American Bankers Association. The meeting will continue through Friday.

This morning's session, following the usual greetings and responses, will include addresses by President Stewart D. Beckley of Dallas; James Schermerhorn, a Detroit editor, and E. W. Decker, of Minneapolis.

Welcoming the delegates will be J. S. Pomroy, manager of the Minneapolis Clearing House, and G. E. Bowerman of New York, secretary of the American Bankers Association while Robert E. Locke, Detroit manager of the Federal Reserve Bank of Chicago and vice-president of the American Institute of Banking, will deliver the response.

Mr. Decker's speech is to be one of five industry talks. He will deal with the development of the Ninth Federal Reserve District.

The report of the institute's executive council will be read by Richard W. Hill, New York, secretary of the institute.

On Wednesday a series of departmental conferences will begin, as well as chapter presidents' meetings.

Claims of Veterans Get Best Attention in Carter's Office

(By the Associated Press)

OKLAHOMA CITY, July 19.—Claims approved by local chapters of the Red Cross, the American Legion and the federal health officer, for purpose of providing funds to destitute members of ex-service men, are the only claims that are getting immediate action in the state auditors office, Frank Carter announces. The claims have precedence over all other business transacted by the auditor, he says and are despatched back to the governor for approval within a few minutes after they reach him.

The auditor declares that the sudden cutting off of employees in his office has left the department somewhat demoralized and not until a

new working plan has been perfected will the department be able to render spot service on claims. The auditor himself is now his own messenger stenographer, file and claim clerk.

Pawhuska.—Approval by the attorney general of the \$35,000 bond issue made by citizens of Pawhuska for the erection of a hospital, has been received by the Osage county attorney.

New Shaffer Oil Notes Pay 8% with Opportunity for even Larger Profits

An Offer by the Shaffer Oil and Refining Co.

Producers and Manufacturers of the Famous DEEP-ROCK Oil Products—Discoverers of the Noted Cushing Pool, Oklahoma, in 1912

Here is a rare investment opportunity—safe and substantial—offered by one of America's successful oil companies—the producers, refiners and distributors of the famous DEEP-ROCK Gasoline, Kerosene, Lubricants and other petroleum products. These Notes are issued under a carefully restricted Trust Agreement, Continental and Commercial Trust and Savings Bank, of Chicago, Trustee.

Our gross earnings last year amounted to \$12,194,242. Net operating earnings for 1920 were \$3,607,843. After deducting all prior interest charges the balance was approximately eight times the interest requirements on this issue of Notes.

These 8% 20-year convertible Gold Notes will be issued for the purpose of financing development work on valuable properties which we hold in the Mid-Continent and other oil fields.

We own 461 producing oil wells. Our crude oil production in 1920 amounted to 55,618,668 gallons. We are now drilling additional wells, principally on proven acreage. Plans for future development are comprehensive and promise large returns.

This is of special interest to the purchasers of these Notes because we give you the privilege of converting the Notes at any time into Shaffer Oil and Refining Company stock, either common or participating preferred shares.

Experienced and Able Management

The management of the Shaffer Oil and Refining Company is in the hands of men with long records of success in the production and refining of petroleum and the marketing of oil products. This organization discovered the Cushing (Oklahoma) Oil Pool in 1912, which is one of the most famous oil pools in the country. We have a large settled production in this field which is to be extended by our development program.

Save 33c a Day and Have Two Incomes

These income-paying Notes can be bought in 10 monthly payments as follows: 10% cash with order, and 10% a month. By saving only 33c a day anyone

can possess a \$100 Note, or as much more in proportion to the amount you want to save. The Notes come in denominations of \$100, \$500 and \$1000.

Why not have two incomes—your earnings from work and your earnings from this investment?

Today's dollar is worth 50c, or less, for spending purposes, but today's dollar saved and soundly invested in Shaffer Notes will not only multiply itself but should double its purchasing power in the coming years when you most want Financial Independence.

The Partial Payment Plan

To those purchasing on the partial payment plan we issue a receipt certificate and the buyer will exchange this certificate for the actual Notes when all payments are made. We allow interest at 6% on payments from the time each payment is made and charge no interest on unpaid balance. It may surprise you to know that men with incomes up to \$25,000 a year use the partial payment plan for investing.

We Suggest That You Act at Once

Please bear in mind that this limited issue of Shaffer 8% Oil Notes is being offered to a large number of DEEP-ROCK customers and that all Notes may soon be oversubscribed.

While we are desirous that you investigate fully it is well to subscribe to the Notes as early as possible.

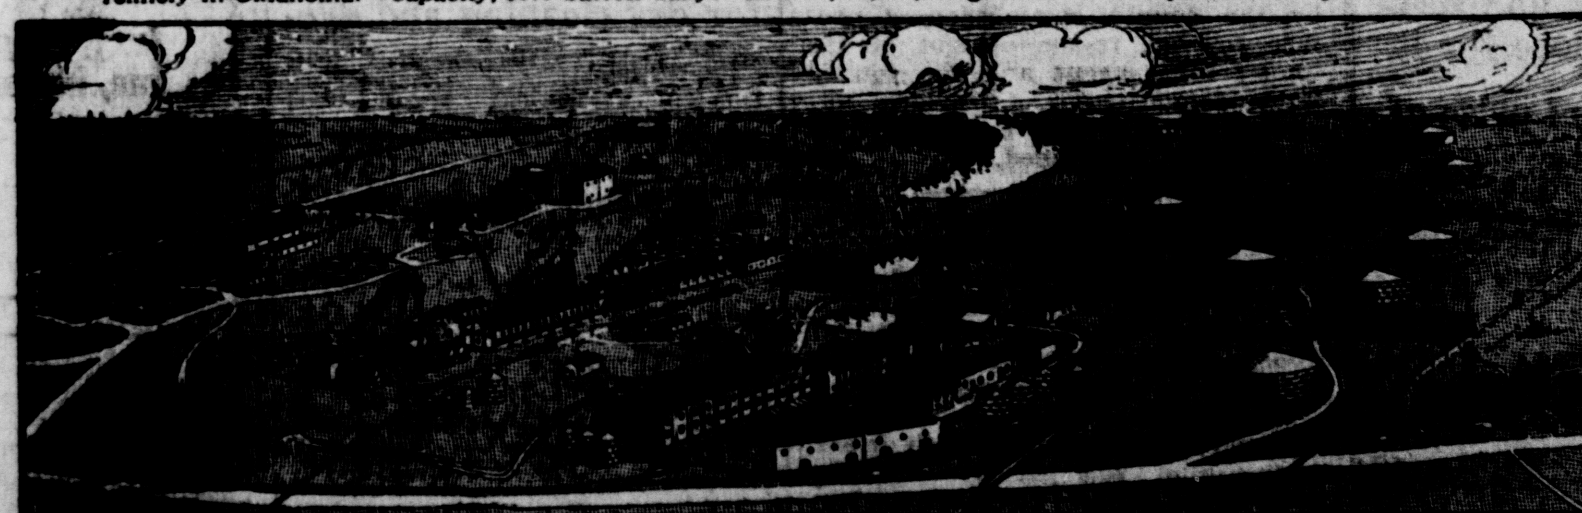

Our representatives at our distributing stations will be glad to supply you with literature and complete information; meantime, write or mail the coupon for a free copy of the illustrated booklet "The Great Oil Properties Back of DEEP-ROCK." No obligation whatever; we welcome your interest.

Shaffer Oil and Refining Company

Home Office, Chicago, Ill.
GEORGE MOORE, President

401 East Eighth Street
Ada, Oklahoma

Bird's-eye drawing of the Shaffer Oil and Refining Company's refinery at Cushing, built in 1917, the second largest complete refinery in Oklahoma. Capacity, 6000 barrels daily. In 1920, 45,863,500 gallons of crude passed through this refinery.

\$25,000,000 in Property Back of Your Investment

The Shaffer Oil and Refining Co. is a self-contained organization handling oil from its own wells—through the various refining processes—to the consumer through its own stations and those of the Home Oil Company, an allied concern.

Principal properties are located in Oklahoma—the leading oil producing center of the country. Other wells and holdings in Kansas, Arkansas, Louisiana, Texas and Montana.

461 oil wells now producing and 19 gas wells—12 additional wells in a large development program being drilled, 6 casing-head gasoline plants producing 9,000 gallons of gasoline daily.

173 Distributing Stations

Including those of the Home Oil Company (allied).
8,284 acres of developed oil lands—209,000 acres in valuable holdings.
Complete refinery at Cushing, capacity 252,000 gallons daily, second largest complete refinery in Oklahoma.

633 Tank Cars

633 tank cars and 200 miles of pipe and gathering lines owned and operated by the company, in addition to 17 steel storage tanks of 66,150,000-gallon capacity.

173 distributing and filling stations through which 95% of Shaffer products are marketed to the consumer.

For two bits the News can rent a house for you. For a dollar it can sell a farm. For five dollars it can get you anything or sell anything. Try it.

Coeds Study Sports Planning to Become Teachers in State

NORMAN, July 19.—(Special)—Thirty-five University of Oklahoma 1921 summer session coeds are enrolled in the high school coaching courses, including basketball, tennis and volleyball ball, under the direction of Miss Ina James, instructor in physical education for women. By combining this coaching work with the teaching of some academic subject, these summer session coeds expect to secure good positions in Oklahoma schools for 1921-22.

One hundred coeds are enrolled in the folk dancing classes and some of them expect to use these courses in community and school work next year. The tennis, basketball and volleyball work is taught by Miss James, practically rather than theoretically, the coeds playing each game under her supervision.

Paving Resolution No. 6-4

(Published July 19, 20, 21, 22, 23, and 25, 1921.)
A Resolution adopting specifications and estimates of quantities and cost for the paving and otherwise improving of street improvement District No. 6 same being South Townsend avenue from the south line of Twelfth street to the north line of Twentieth street, including all street intersections and alley crossings on the above described avenue in the city of Ada, Pontotoc County, Oklahoma.

Be it resolved by the board of commissioners of the city of Ada, Pontotoc County, Oklahoma:
FIRST: That, acting under the instructions of the Board of Commissioners, the Engineer has made the necessary surveys and has prepared complete and accurate specifications and estimates of quantities and cost of the improvements hereinafter described, which specifications show the widths of the paving and the returns of street intersections, and which specifications and estimates are hereby approved and ordered filed with the City Clerk of the City of Ada, Oklahoma.

SECOND: That it is necessary to permanently improve the avenue in the City of Ada, Pontotoc County, Oklahoma, as set out in the caption of this resolution, which is hereby designated Street Improvement District No. 6 of the City of Ada, Pontotoc County, Oklahoma, by paving, grading, curbing, draining and otherwise improving the same, with such approved plans, specifications and estimates of cost thereof as filed with the City Clerk of said City.

THIRD: That if the owners of more than one-half (1-2) in area of the lots and tracts of land liable for assessment to pay for such improvements, which assessments shall include the cost of improving the street intersections and alley crossings, shall not within fifteen (15) days after the last publication of this resolution file with the City Clerk of the said City of Ada, Oklahoma, their protest in writing against such improvements, which protest shall be made against each street or avenue separately then the Board of Commissioners shall cause such improvement to be made and contracted for and shall levy assessments for the paving thereof against such lots and tracts of land liable for assessment to be made and contracted for and shall levy assessments for the paving to pay for such improvements, as provided for in Sections 608 to 648, Article XII, Chapter 10, of the Revised Laws of Oklahoma, 1910, and amendments thereto.

FOURTH: That this resolution shall be published in six consecutive issues of the Ada Evening News, a daily newspaper published and of general circulation in said city.

FIFTH: That all resolutions or parts of resolutions in conflict herewith are hereby repealed.
Passed and approved this 19th day of July, 1921.
By Gary Kitchens, Mayor and Commissioner of Public Justice and Safety.
Attest: W. B. Jones, City Clerk and Commissioner of Accounting and Finance. 7-19-61d

Phone 4 is the place to get service in job work or advertising. Don't overlook your opportunities.

Peasants Are Well Grounded in Power to Rule Bulgaria

(By the Associated Press)
SOFIA, July 19.—The peasants are now firmly established in power in Bulgaria and legislative bodies, both state and provincial, in which their representatives are in the majority, are engaged in transferring the burden of taxation to the shoulders of the despised city folk. The district council of Rousschouk has evolved the following taxes which it styles "American."

Carrying a parasol, 50 leva yearly (nominally worth 10 cents each) skirts more than 11 inches above the ground or wearing silk stockings, 500 leva; wearing gloves between April 15 and September 15 without a doctor's certificate, 200 leva; wearing jewelry, 500 leva; keeping pet dogs, 500 leva; use of walking canes by persons under 50 years of age in good health, 100 leva; wearing shoes with tops exceeding 11 inches in height, 200 leva; fur tippets or muffs, 500 leva; and using baby carriage in cities, 200 leva.

300 EMPTY CARS WILL HELP GRAIN CARRYING

(By the Associated Press)
OKLAHOMA CITY, July 19.—A letter to the corporation commission from the interstate commerce commission states that orders have been issued releasing 300 empty box cars to the Kansas City, Mexico and Orient railroad for use in the grain belt of the state. The letter says the order is effective immediately and was issued for the purpose of relieving wheat movement in those counties in the northwestern part of the state where unusual congestion arises.

Making available this number of cars at once is expected by members of the commission to forestall a recurrence of the car shortage which existed at harvest time last year.

COLLEGE GIRLS "HASH" AND ENJOY VACATION

NORMAN, Okla., July 19.—(Special)—Hashing in fashionable Colorado summer resort hotels such is the way several university of Oklahoma coeds are spending the 1921 summer vacation while enjoying the scenic Rockies.

Sooner men often earn money to continue their collegiate work, and at the same time enjoy a vacation period in the mountains, working as bell hops or clerks in hotels, chauffeurs on busses, running between railroads and mountain resorts. But, so far as can be ascertained, this is the first time that self supporting Sooner coeds have followed the hashing plan during the summer vacation period.

MALARIA AND AGUE BROKEN UP IN THREE DAYS

Swamp Chill and Fever Tonic Brings Relief to Thousands

Don't keep on suffering from those awful chills—that horrible shivering and shaking—that burning fever. Go to your druggist or general store this very day and get a bottle of Swamp Chill and Fever Tonic—the famous, never-failing remedy that's been relieving the suffering for years and years.

For the small sum of 60 cents you get a sure-shot remedy that quickly drives out all the malaria—and drives it away to stay! That's why so many leading physicians prescribe Swamp Chill Tonic as the best malaria remedy there is.

MRS. HAYDOCK SAVED FROM AN OPERATION

Followed Advice of Her Druggist's Wife and Took Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I was in bed with a female trouble and inflammation and had four doctors but none of them did me any good. They all said I would have to have an operation. A druggist's wife told me to take Lydia E. Pinkham's Vegetable Compound and I took 22 bottles, never missing a dose and at the end of that time I was perfectly well. I have never had occasion to take it again as I have been so well. I have a six room flat and do all my work. My two sisters are taking the Compound upon my recommendation and you may publish my letter."—Mrs. E. H. HAYDOCK, 6324 St. Lawrence Avenue, Chicago, Illinois.

Because Lydia E. Pinkham's Vegetable Compound saved Mrs. Haydock from an operation we cannot claim that all operations may be avoided by it, but many women have escaped operations by the timely use of this old-fashioned root and herb medicine.

Prominent Speakers for Farmers' Union Rally Here July 23

Distinguished speakers have been announced for the July 23 Farmer's Union Rally Day and County Club Rally to be held at the Nodmal, according to members of the program committee. Among these speakers will be Gov. J. B. Robertson, John Whitehurst, president State Board of Agriculture, John A. Simpson, president of the Farmers' Union, and other elaborate plans are being made to make the rally one of the greatest in history and farmers from all parts of the county are expected.

At this time more than 600 boys' and girls' club members and their parents will gather for a "sure enough" rally. A basket dinner will also be spread. Instruction will be given members at this time regarding the preparation of exhibits for the state and county fair.

VOICE STUDENTS RENDER RECITAL

Pupils of Miss Kate Draper
Presented in Summer
Program.

Twelve pupils of Miss Kate Draper, teacher of voice, appeared in a song recital last night at the First Baptist church. Interesting points in the recital of the summer students were songs "Thy Heart's a Rose," the selection used by tenors in the state contest, by Russell Boud who won first honors in the state meet this spring; and "Forever and a Day," the personal selection used by Russell Boud in the state contest. A personal selection was required of each contestant.

Only a part of Miss Draper's pupils appeared in the recital. Those appearing for the first time showed poise and self control and more advanced students manifested marked development in voice. Many of Miss Draper's students who did not appear in the recital also are doing good work, she said.

Miss Draper herself is a graduate of the Knox Conservatory of Music, Galesburg, Ill., and has had lessons under such teachers as Oscar Saenger of New York City and Signor Romualdo Sapio, head of the Vocal Department of the National Conservatory of America and former conductor at the Metropolitan Opera house, New York City.

Accompanists for the recital were Mrs. J. H. Boud and Donna Belle Lee. All numbers were well rendered and received.

Following is the program which was enjoyed by a good audience.

NORMAL NOTES

Dismiss Friday Noon

Normal classes next Friday will meet for 30-minute periods and will be dismissed at noon. This will allow many of the out of town students to leave on the afternoon trains Friday.

The training school will not be in session Thursday and Friday.

Normal Is Success

Mr. Linscheid believes that the summer Normal has been quite successful this year. At the end of the term there will be granted 125 state teaching certificates, 28 life diplomas, and 6 bachelor degrees. According to Mr. Linscheid one feature of the graduating class is the number of towns represented, showing that the Normal is more than a local institution.

Football Regalia Coming
Coach Thompson has ordered complete football equipment for the coming season.

Paper Distributed
The East Centralite was distributed today to all the summer students at the Normal. This paper will go to every high school graduate and eight grade pupil in the East Central district. It is a monthly paper, financed partly by the Chamber of Commerce.

JURY AQUITTS TWO ON CHARGES YESTERDAY

A verdict of not guilty was handed down by a jury yesterday in the case of the state against B. H. McCulley and Earl Hartman, of this city, charged with disturbing the peace.

McCulley and Hartman, it was alleged, created a disturbance in their neighborhood recently. When brought before Justice of the Peace W. H. Fisher yesterday they asked for a jury hearing and were acquitted.

State News

ENID—The new board of county commissioners at its first meeting decided to discontinue the office of the county farm agent and county farm demonstrator. The farm agent has been located here for many years.

BARTLESVILLE—Members of the Y. W. C. A. here plan to camp on Spavinaw river August 27 to September 2. The girls will go to the camp under the direction of the local women's physical director.

OKMULGEE—Deposits in Okmulgee banks totaled \$9,525,497 at the close of business June 30, according to bank statements. This compares with \$10,129,518 at the close of business on April 28.

KINGFISHER—The chief of police and the city administration, in a joint proclamation, have instituted a campaign to compel all property owners to cut and destroy all weeds on city's streets, imposing a penalty for failure.

SHAWNEE—The annual encampment of the Southern Presbyterian Assembly of Oklahoma will be held on the Baptist encampment grounds near Davis, next week. All phases of the church work will be carried out at the encampment.

MCALISTER—The city treasury reported a surplus of \$8,449.97 at the close of the fiscal year June 30. The city appropriated \$146,459 for the last year and spent \$138,258.61.

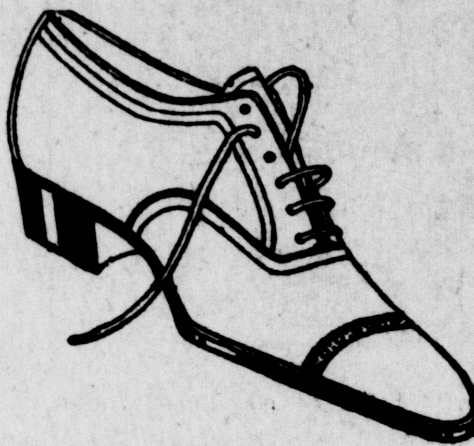

ARDMORE—Turner Falls Assembly, conducted by the Methodist young people of Oklahoma, began Monday and will continue through the week. Five classes of Bible study will be taught.

MUSKOGEE—The Rev. L. L. Evans, pastor of the First Methodist church south, here, has announced that any man who attends his church on Sunday wearing a coat will be fined 25 cents. The penalty will hold through July and August.

TWO COUNTS DROPPED AGAINST TULSA CHIEF

(By the Associated Press)

TULSA, July 19.—John A. Gustafson, chief of police, on trial for his removal from office, from which he is now suspended, took the stand in his own defense today. He is charged with failure to prevent the race riots and with participation in a police conspiracy to permit automobiles to be stolen to procure insurance and rewards.

The chief stated that he was constantly on the alert during the riot doing what he could to still the outbreak. He said he received warnings as early as 3 o'clock in the afternoon that there might be an attempt to lynch the negro held for an alleged assault on a white girl.

In discussing his conduct on the night of the riot Chief Gustafson said he spent most of the time between 7:30 and the time of the outbreak driving about with chief of detectives Patton, to keep tab on the situation.

TULSA, July 19.—With two additional charges against Chief of Police John A. Gustafson dropped and the state testimony before the jury, the defense prepared today to introduce more testimony bearing on the riot charge against the officer who is on trial in the district court for removal.

With the conclusion of evidence against the chief on an automobile theft conspiracy count, the state announced yesterday that it would present evidence bearing on the charges of failure to stamp out vice and prevent looting selling brought against the police. The state's case is now confined to alleged failure to prevent the race riots and the automobile count on which it has rested.

Last Assembly
The last regular assembly of the summer term took place at the Normal auditorium this morning. It was called to dispose of several business matters.

You will save money by reading the ads.

COMMISSIONERS WORK ON ESTIMATE OF YEAR

County commissioners met yesterday and spent a long session laboring over estimates for the new fiscal year which opened July 1, 1921. Rit Erwin, county clerk, spent practically all of today compiling statements of expenditures of the old year and making out the estimate sheet of the county commissioners. It was the first meeting of the commissioners since their first meeting of the new fiscal year, when they met in joint session with old commissioners.

A complete report on estimates

will be ready for announcement probably by tomorrow, the county clerk said, and this will show allowances for all departments of the commissioner's work.

Cotton Exports Falling

(By the Associated Press)
WASHINGTON, July 19.—Exports of breadstuffs, cotton seed oil and mineral oils increased substantially during the last fiscal year over the previous year, while cotton exports fell off more than 1,500,000 bales and meat and dairy products declined more than \$300,000,000 according to the department of commerce today.
